

# Jamboree Update

## **WE NEED YOUR HELP!**

The Site Services Team needs your help now. We are urgently in need of volunteers to help build the site facilities before the event starts & to work on the team during the jamboree period.

We have a very limited period to build the site in the few days before the main event starts and also clear the site after the jamboree finishes. To do this successfully we need all kinds of skills on the team, electricians, plumbers, joiners & a large body of willing helpers. We can only do this successfully if we have your help now.

If you are interested in joining the team please contact us by emailing [services@seascout100.net](mailto:services@seascout100.net)

## **WEB SITE**

The new look web site is now live. Updates are being added to the site all the time, so please check back regularly, as this will be the main place we publish the latest information about the event.

Have a look now for yourself at [www.seascout100.net](http://www.seascout100.net).

We have heard of a few people being unable to view the web site. We can only apologise for this & our team are trying to find out what is causing the problem. If you are experiencing problems viewing the web site then please email [webmaster@seascout100.net](mailto:webmaster@seascout100.net) explaining your problems. The vast majority of people are able to access the site successfully from what we know, but obviously if there are problems we would like to know about them.

The FAQs section of the site is being constantly updated, check here to see if your question has already been answered. If not, then please email us at [info@seascout100.net](mailto:info@seascout100.net) and one of the team will get back to you.

## **BOOKINGS**

We still have limited space available to take further bookings. We can accommodate a maximum of 2500 participants, so send your booking form in without delay.

Booking forms are available for download from our website. Alternatively email the bookings team for a copy. Sea Scout 100 depends entirely on the support of volunteers, so thank you for your interest, we do need your help, as it takes a huge team to put on a jamboree.

We need help on all teams, without your help we will not be able to make this event a success. Some of the immediate staff vacancies are detailed elsewhere in this newsletter. If you have a skill and want to help, but don't see a vacancy listed, then contact the team leader concerned as there is sure to be an opportunity for you to help in some capacity. Team Leader contact details are shown on our web site.

## **SECURITY TEAM NEWS**

We are looking to recruit members to the team. We have the role of ensuring the event remains a safe & secure environment for all the jamboree participants. We need people to work on the team which will start operation on Friday 31<sup>st</sup> July & run right through until after the jamboree closes. Please get in touch with us now if you are interested in working on the team. Even if you are not available for the full jamboree duration we still have roles for you. Please email us at [services@seascout100.net](mailto:services@seascout100.net) if you are interested on working on the team.

## **QUESTIONS?**

Do get in touch if you have any questions, email us at [info@seascout100.net](mailto:info@seascout100.net).

## **SUB CAMP INFORMATION**

There will be four sub camps at the Jamboree, each run by a sub camp leader and his team.

Neptune Sub Camp – Graeme Popay – Scouts

Poseidon Sub Camp – Richard Brown – Scouts

Aegir Sub Camp – Mick Harvey – Explorers

Atlantis Sub Camp – Staff Site

We would like to encourage all explorers coming to the event to camp on the Aegir sub camp. If they come as part of a group they are more than welcome to join the rest of the explorers on the sub camp and still dine with the main group.

There will be a range of games and activities on your sub camp to just turn up and have a go at. These will provide an ideal opportunity to make your costumes and sub camp mascot for the carnival night.
