

# Jamboree Update

Number 4

May 2009

## The National Sea Scout Centenary Jamboree is now international, with Sea Scout groups from America, Australia, Finland, Ireland, New Zealand and Sweden.

To make the groups from other countries welcome during their visit to the UK **we would like to place each overseas group with a host group** at the Jamboree. Many of the overseas groups, particularly those arriving by air, will need to find basic camping equipment, such as tents, cookers and cooking utensils. If you have some spare equipment that you could loan to one of these groups please let us know.

Most of the international Sea Scout groups coming to the Jamboree have between 5 and 15 people. Meeting Scouts from other countries at a Jamboree enriches the Jamboree experience for all scouts, the memories and friendships made lasting a long time.

*If you would be interested in acting as hosts to a Sea Scout group from another country please contact [terry@seascout100.net](mailto:terry@seascout100.net).*
